

SMALL SCALE 0,5 – 10 L

PLASTIC RACKS

AQUACULTURE

Our products and services:
Supply of microalgae strains
Optimized culture media
Supply of starter cultures
Consultancy

MEDIUM SCALE 10 – 400 L

COLUMN PBRs

Our photobioreactors:

- Custom-made solutions
- Very high productivities
- Allow the culture of all species with interest for aquaculture
- Semi-automatized equipments
- Easy to operate and easy to clean
- Low energy consumption
- Reduced area required to install
- Excellent price/productivity ratio

FLAT PANEL PBRs

LARGE SCALE 500 – 10.000 L

SCALE UP OF MICROALGAE CULTURES

RACE-WAY REACTORS

- CO₂ capture
- Waster water treatments
- Natural microalgae blooms

TUBULAR PBRs

- Biotechnology applications
- Nutraceuticals, animal feeds
- Fine microalgae biomass
